## Please bring with you to class:

**Your dog's vaccination certificate** (1<sup>st</sup> night only)

**Food rewards/tidbits/sweeties** – To help us help you train your dog it will be essential for us to find out what he/she finds most rewarding. Many owners state their dogs do not like tidbits and won't respond to them, but when we try our tidbits they respond immediately. Why? It's the tidbits you use, the dry biscuit type treats or the ones bought at pet shops are not always tempting enough. They may respond to them when nothing is distracting them, but they have no effect when there is something else around that is more interesting. Tasty food is essential when there is going to be lots of new exciting things around to distract them, cooked sausage, liver, chicken or chopped cheese, anything that is not likely to be given normally in his/her food bowl

**Lead & collar** - (not an extending lead please)

**Toy** – ideally not a squeaky one

**Poop bags** – please ensure you clean up after your dog
